

**Statement of the Harris County Democratic Party Confirming Support of Colin Allred and Sean Teare. Approved by the Steering Committee on August 8, 2024**

The Harris County Democratic Party, by a vote of the Steering Committee, confirms its unified support of Colin Allred for Senate and Sean Teare for Harris County District Attorney. We were dismayed to hear outgoing District Attorney Kim Ogg endorsed the border-bill blocking, Cancun evading, off and on Trumpster, Ted Cruz. No individual of conscience, and certainly no one professing to be aligned with the values of the Democratic Party, could contemplate backing the cruel, opportunistic, and just plain dishonest Ted Cruz. This endorsement underscores the Harris County Democratic Party County Executive Committee's December admonishment of Ogg and shows that our outgoing District Attorney has lost touch with Texas and Harris County Democrats. With the incredible democratic surge here and across the nation from the nomination of Vice President Kamala Harris and Colin Allred's campaign kick-off in Harris County last week, the Harris County Democratic Party looks forward to historic victories for all of our candidates up and down the ballot, including our District Attorney candidate Sean Teare.

Passed and approved by the County Executive Committee of the Harris County Democratic Party on September 28, 2024.
